

# Cancer Science & Research: Open Access

Special Issue on

## “Cancer Therapeutics: Current Trends and Future Challenges”

### Aims and Scope

[Cancer Science & Research: Open Access](#) (CSROA) is an Open Access Publication that enlightens and empowers the cancer research community by providing an insight on breakthrough discoveries in basic and clinical cancer research. CSROA is an international Peer-Reviewed Journal for original submissions, reviews, surgeon's reports, rapid communications, editorials, case reports and letters encasing the etiology, pathophysiology and treatment of cancer.

Cancer can be prevented using surgical approaches, chemotherapy, radiotherapy, immunotherapy etc. Early Screening and treatment is recommended to reduce the mortality rate. Constant accessing of researchers with improved chemotherapy and radiotherapy techniques add new types of targeted therapies.

The main aim of the Special Issue entitled “**Cancer Therapeutics: Current Trends and Future Challenges**” is to bring worldwide awareness, the early detection, novel therapeutics and future perspectives of different types of cancer in an easily accessible way.

### Topics:

The Special issue comprehensively covers a plethora of topics but not limited to

- Surgical approaches
- **Chemotherapeutic Agents**
- Alkylating Agents
- Plant Alkaloids
- Antitumor Antibiotics
- Anti-metabolites
- Topoisomerase inhibitors
- Antineoplastics
- **Targeted therapies**
- Signal Transduction inhibitors
- Proteasome inhibitors
- Angiogenesis Inhibitors
- **Immunotherapy**
- Monoclonal Antibodies as Targeted Therapy
- Biologic Response Modifier Agents
- Tumor Vaccines
- Hormonal Therapies
- Adrenal steroid inhibitors
- Antiandrogens

# Cancer Science & Research: Open Access

- Anti-estrogens
- LHRH agonists (Lutenizing hormone-releasing hormone)
- Progestational agent
- Selective Estrogen Receptor Modulators (SERMs)
- Chemoprotective agents
- **Radiotherapy**
- External radiotherapy like X-Rays
- Internal radiotherapy like Radionuclide
- Photodynamic Therapy
- Phytotherapy for Cancer
- Stem Cell Transplantation
- Future challenges in Cancer therapeutics

## Submissions

All kind of papers are invited. Please refer [author guidelines](#) before submission. Author benefits for submitting the articles can be found here: <http://symbiosisonlinepublishing.com/special-issues/>

Kindly submit your article online at <http://www.symbiosisonlinepublishing.com/submitManuscript.php>

Or submit it as an e-mail attachment to [cancer@symbiosisonline.org](mailto:cancer@symbiosisonline.org)

**Submissions are open from August 05, 2015**

## Editorial Board Members

### **Dimitra Bourboulia**

SUNY Upstate Medical University, USA

### **E. Shyam P. Reddy**

University of Alabama, USA

### **Moni Abraham Kuriakose**

Roswell Park Cancer Institute, USA

### **Susan Mockus**

Jackson Laboratory for Genomic Medicine,  
USA

## Editorial Contact

### **Kevin Parker**
