

Special Issue on
“Immunobiology of Transplantation”

Aims and Scope

[SOJ Immunology](#) is a peer reviewed open access journal, exclusively designed for the international Scientific community that addresses ongoing research on Immunology, which aims to provide a unique platform for publishing high quality research work. The journal provides current research information in basic and advanced aspects of the immune system, and host defense mechanisms.

The intensive development of transplantation was an outgrowth of the scientific and technological revolution and of advances in biomedical disciplines. The immune system has developed elaborate and effective mechanisms to combat foreign agents and remains the most formidable barrier to transplantation as a routine medical treatment.

The objective of the special issue is to integrate the growing international community of researchers working on the topics like Role of Regulatory immune cells in transplantation, Pre-transplantation chemotherapy, Immune Rejection of organ Transplantation, Transplantation Antigens.

Topics

This special issue deals with the topics of the following but not limited to

- Immunogenetics of Transplantation
- Allogeneic Transplantation
- Immunosuppression in Transplantation
- Donor-Specific Transplantation Tolerance
- Transplantation Antigens
- Immunosuppressive Regimens
- Thymic Transplantations
- Regulation of Pro-Inflammatory Mediators
- Pre Transplantation Chemotherapy
- Transplant Rejection
- Graft-Versus-Host Disease
- Tissue Damage in Transplantation
- Management of Antibody-Mediated Rejection
- Hematopoietic Stem Cell Transplantation

Microbiota Transplantation
Hyper acute Rejection
Immunosuppressive agents
Chronic Rejection
Transplantation Rejection due to Non-Adherence
Suppressor Lymphocytes in Transplantation
Allotransplantation
Genetically Disparate Tissues
Antibody Mediated Rejection

Submissions

Authors are invited to submit articles which address the progress and current standing of Immunobiology of Transplantation. Please refer [Author guidelines](#) before submission.

Author benefits for these submissions will be found at [Special issue page](#). Use the Online [Manuscript Tracking System](#) to submit your papers or e-mail it to immunology@symbiosisonline.org

Submissions are open from January 26, 2015

Editorial Board Members

Steve Fiering
Dartmouth Hitchcock Medical Center, USA

John Bright
Indiana University of Health, USA

Alaa Ahmed
Jazan University, Saudi Arabia

Joseph Chandler
Maine Biotechnology Services Inc, USA
