

Special Issue on  
**“Probiotics & Prebiotics”**

**Aims and Scope**

[SOJ Microbiology & Infectious Diseases](#) is an open access peer reviewed journal, solely designed for the worldwide scientific community that addresses current research on microbiology, which aims to provide an exclusive platform for publishing worthy research work. The journal aims to frame up an outstanding special issue on Probiotics & Prebiotics.

Probiotics are viable living microorganisms, adequate amounts of which reach the intestine in an active state and thus exert positive health effects. Prebiotics are non-digestible food ingredients that beneficially affect the host by stimulating the activity of a limited number of bacteria in the colon, which can develop the host health.

The objective of the special issue is to integrate the growing international community of researchers working on the topics like Probiotics based Vaccines, Novel Probiotics & Prebiotics, Commercial Probiotics, Probiotics in Dietary Guidelines, and Favorable Effects of Prebiotics on the Intestinal Flora.

**Topics**

This special issue deals with the topics of the following but not limited to

- Probiotics based Vaccines.
- Influence of Probiotics on Human Microbiome
- Controlled Trials of Probiotics & Prebiotics
- Probiotics : Future Challenges in Medicine
- Efficacy of Probiotics Therapy
- Novel Probiotics and Prebiotics
- Probiotics for Neonates
- Probiotics in Dietary Guidelines
- Probiotics Affect Mechanisms of Intestinal Inflammation
- Commercial Probiotics
- Applications of Prebiotics
- Favorable Effects of Prebiotics on the Intestinal Flora

Prebiotics Strengthen the Gut Bacteria  
Prebiotics in Our Diet  
Meta-Analysis of the Prebiotics  
Recent Developments in Prebiotics  
Impact on Beneficial Microbes & Promote Intestinal Health.  
Prebiotics: Prevention of Infections  
Prebiotics in Inflammatory Bowel Disease  
Prebiotics Mechanisms

## **Submissions**

Authors are invited to submit articles which address the progress and current standing of Probiotics & Prebiotics. Please refer [Author guidelines](#) before submission.

Author benefits for these submissions will be found at [Special issue page](#). Use the Online [Manuscript Tracking System](#) to submit your papers or e-mail it to [microbiology@symbiosisonline.org](mailto:microbiology@symbiosisonline.org)

**Submissions are open from January 26, 2015**

## **Editorial Board Members**

### **Jeanette Jones**

University of Alabama, USA

### **Hong Zhou Z**

California Nano Systems Institute, USA

### **Frank Portugal**

Catholic University, USA

### **Markus Stein**

Albany College of Pharmacy and Health Sciences, USA

## **Editorial Contact**
