

Nanoscience & Technology: Open Access

Special Issue on “Nanotechnology based Targeted Drug Delivery Systems”

Aims and Scope

[Nanoscience & Technology: Open Access](#) is a peer reviewed journal, solely designed for the worldwide scientific community that addresses current research on nanotechnology, which aims to provide an exclusive platform for publishing worthy research work. The journal aims to frame up an outstanding special issue on Nanotechnology based Targeted Drug Delivery Systems.

Nanotechnology has confidently entered the area of drug delivery systems. Performances of intelligent drug delivery systems are continuously improved with the purpose to maximize therapeutic activity and to minimize undesirable side-effects. Nanoscience holds great potential as an effective drug delivery system. To defeat the problems of gene and drug delivery, nanotechnology has attained interest in recent years.

Our Journal of Nanoscience & Technology invites papers from entire the worldwide community of scientists covering many topics like but not limited to Fabricate nanoparticles, biodegradable nanoparticles, Imaging and Diagnosis of neurodegenerative Diseases, Nanomaterials in Biology, etc. which paves a way for publishing outcomes of recent research trends and investigations in Nanoscience & Technology.

As we are in a step ahead to bring the Current research on *Nanotechnology based Targeted Drug Delivery Systems* exploration to you and every other in an easy accessible way by your participation and cooperation.

Submissions

Authors are invited to submit articles which address the progress and current standing of Nanotechnology based Targeted Drug Delivery Systems. Please refer [Author guidelines](#) before submission.

Author benefits for these submissions will be found at [Special issue page](#). Use the Online [Manuscript Tracking System](#) to submit your papers or e-mail it to nano@symbiosisonline.org

Submissions are open from January 26, 2015

Editorial Board Members

Richard J. Spontak

North Carolina State University, USA

Alice C Parker

University of Southern California, USA

Paul S. Ho

Catholic University, USA

Dimitra NS. Cullum

U.S. Army Research Laboratory, USA

Editorial Contact

Phillips White

Managing Editor
