

# Nanoscience & Technology: Open Access

## Special Issue on “Nanomagnetics & Nanoelectronics”

[Nanoscience & Technology: Open Access](#) is a peer reviewed journal, solely designed for the worldwide scientific community that addresses current research on nanotechnology, which aims to provide an exclusive platform for publishing worthy research work. The journal aims to frame up an outstanding special issue on Nanomagnetics & Nanoelectronics.

Nanoelectronics refer to the use of nanotechnology in electronic components. Nanomagnetics & Nanoelectronics is a multidisciplinary research area in science, engineering and medicine with extensive applications in imaging, diagnostics and treatments. Current developments offer exciting possibilities in personalized medicine provided a truly integrated approach, combining engineering, biology and medicine.

Our Journal of Nanoscience & Technology invites research from international community of researchers covering various topics like but not limited to Emissive molecular Nanomagnetics, Evolvement of Nanomagnetics, Nanofabrication, Nanomaterials Electronics, Nanomagnetics in Medical Diagnostics, etc. This brings a way for publishing outcomes of recent research trends and investigations in Nanoscience & Technology.

As we are in a step ahead to bring the Current research on *Nanomagnetics & Nanoelectronics* exploration to you and every other in an easy accessible way by your participation and cooperation.

### Submissions

Authors are invited to submit articles which address the progress and current standing of Nanomagnetics & Nanoelectronics. Please refer [Author guidelines](#) before submission.

Author benefits for these submissions will be found at [Special issue page](#). Use the Online [Manuscript Tracking System](#) to submit your papers or e-mail it to [nano@symbiosisonline.org](mailto:nano@symbiosisonline.org)

**Submissions are open from January 26, 2015**

#### Editorial Board Members

**Richard J. Spontak**  
North Carolina State University, USA

**Alice C Parker**  
University of Southern California, USA

**Paul S. Ho**  
Catholic University, USA

**Dimitra NS. Cullum**  
U.S. Army Research Laboratory, USA
