Aim and Scope

Obesity & Control Therapies: Open Access is a Scientific Journal dedicated to addressing the challenges in obesity. This Peer-Reviewed journal publishes research conducted in the field of obesity management. OCTOA is an Open Access Publication that provides valuable information on, obesity and its consequences on health & physical well being.

Eating behavior is a correlation between weight gain and obesity, a cause of which remain uncertain. Hence, a dietary restraint may attenuate this action. The research on which may provide an evidence-based work. In an approach to share your work with peers in the field of eating behaviors and obesity, Obesity & Control Therapies: Open Access welcomes papers from worldwide group of specialists; covering recent advances in eating behaviors and ongoing research.

With this initiative we intend to bring-out advancements in the prevention and treatment of obesity & eating disorders, and make them easily accessible by your participation and cooperation.
