

SOJ Pharmacy & Pharmaceutical Sciences

Special Issue on “Drug Delivery Systems: Recent Advances”

[SOJ Pharmacy & Pharmaceutical Sciences](#) is an Open Access Publication that aims to publish Scholarly Articles pertaining to research of drugs and drug products with strong emphasis on originality and scientific quality.

Drug delivery system refers to the route of administration. The major disciplines dealing with are the toxicology and pharmacology. Depending on the site of action of chemical substance, the drug delivery system is defined. There are two types of deliveries i.e topical or systemic. The advances are many like ADNE, hypodermic needle, nanomedicine and intravenous.

In an approach to share your work related to the field of Drug Delivery, *SOJ Pharmacy & Pharmaceutical Sciences* welcomes papers from worldwide group of specialists; covering recent advances & perspectives in Drug Delivery Systems.

With this initiative, we intend to bring-out **the research advances in Drug Delivery Systems**, and make them easily accessible by your participation and cooperation.

Submissions

All kinds of papers are invited. Please refer [Author guidelines](#) before submission. Author benefits for these submissions will be found at [special issue page](#).
