

Special Issue on  
**“Pediatric Psychology”**

## **Aims and Scope**

[SOJ Psychology](#) is a peer reviewed open access journal, exclusively designed for the international Scientific community that addresses ongoing research on Psychology, which aims to provide a unique platform for publishing high quality research work. The journal provides current research information in basic and advanced aspects of Pediatric psychology.

Pediatric psychology is an interdisciplinary area related to research and clinical practice in which the dogmas of psychology are administered within the frame work of pediatric health relevant to ailments, injury, and for the improvement of health behaviors in children, adolescents and their families. The primary defining aspect is to understand, prevent and diagnose psychological, hysterical, developmental and behavioral aspects in children.

The objective of the special issue is to integrate the growing international community of researchers working on the topics like Adolescent Adjustment, Asperger's Disorder, Attention Deficit Hyperactivity Disorder and Autism.
